

EPNOXCAPITAL

We believe in **creative capital**,
shared values, and **partnership**

ABOUT US

Incubated in a family office, started and headquartered in Kuala Lumpur and Singapore, **EPNOX CAPITAL** now has over \$70 Million under management with investment and operational teams in offices around the region.

EPNOX has built a diverse set of asset classes, to help our companies to achieve their investment objectives.

We believe that intellectual capital is critical to providing innovative solutions and, ultimately, having a positive economic impact. Over the years, we have been fortunate to attract some of the most talented professionals in our industry. They stay to build rewarding careers because of our entrepreneurial spirit, a commitment to our people and the high expectation for excellence. Our people are our most valuable asset – they are skilled problem solvers that believe challenges can be opportunities.

ENERGY

EPNOX CAPITAL has built a leadership position in the energy market, and today our energy business is focused on niche and sectors within the Energy segment which we think will have tremendous growth factors, especially Marginal Field Development and Subsea and Marine related works.

We have combined EPNOX CAPITAL's sourcing capabilities, industry experience and financial strength with the expertise of professionals who possess the technical skill sets needed to achieve our goals in these areas.

Highly-experienced in working with complex and regulated businesses, we have been a key participant in the stakeholder engagement process. We regularly collaborate with clients and other key partners to develop strategies that will ensure our energy related companies are profitable even in a volatile energy sector.

EPNOX's team of highly resourceful investment professionals

continues to actively seek opportunities in software, services, data and information services, technology-based outsourcing and network-based services.

Since 2014, **EPNOX CAPITAL** has invested in nearly 3 companies in the technology, media and telecommunications sector. Continued advancements and innovations in technology, software, data and networks are creating exciting new investment opportunities for the firm.

TECHNOLOGY

EPNOX CAPITAL as capitalized on the strong growth in information services and technology by investing in a variety of dynamic growth industries that use software, services, proprietary information and networks to help companies more efficiently conduct business with each other.

REAL ESTATE

at **EPNOX CAPITAL**, we seek to acquire high quality properties at discounts to replacement cost. We then improve the properties through hands-on management and targeted value-add initiatives. Our efforts result in solid returns for us.

Buy it, Fix it, Sell it. Our opportunistic platform employs a straightforward investment strategy. We seek to acquire high quality, well located assets at discounts to replacement cost, address any property or business issues through aggressive asset management, and sell the assets once our objectives are accomplished.
